PROCLAIM PEACE

May 15 Is Set Aside in Utah as Day to Be Generally Observed.

TO HOLD PACIFIC COUNCILS

MEETINGS WILL BE HELD AT CHURCHES AND ELSEWHERE.

As a means of promoting the peace movement which has spread throughout the world for the last several years-almost keeping pace with the building of battleships and enlargement of armies-Governor William Spry yesterday issued a proclamation setting aside Sunday, May 15, as Peace day. The purpose is to have this day celebrated throughout the state, in churches and other meeting places, and to encourage the idea that wars are terrible things and should be frowned upon, giving the dove of peace full sway and settling disputes by arbitration rather than by blood-

Meetings will be held throughout the city and state, and it is likely that peace will be talked from every pulpit peace will be talked from every purple in the state. At 2 o'clock Sunday afternoon of Peace day, a special program will be carried out in the tabernacle, with its central thought that of the peace movement. The proclamation of the Governor is as follows:

"With mingling resson and appeal." "With mingling reason and appeal, the voice of peace bids us quit ourselves of all obligation of hostility, and pleads for the subjection of agitating passions. The highest attributes of nature respond to the invitation for mutual confidence. The human tendency to requite injury with injury is amended by the refining influence is amended by the refining influence of a higher civilization, which strives to 'overcome evil with good'; and in place of mutual distrust, there has grown a strong fabric of concord, rectitude, right and righteousness.

"As a means of promoting that universal peace to which individuals, communities and nations aspire, a day in each year has been set apart to be devoted to pacific counsels, the advo-cacy of the doctrine of peace and the winning of converts thereto, who should in their daily walk and conversation strive to eradicate the evil of distrust and create a sentiment for a real and not a fanciful peace; to be enforced, not through the burdensome preparation for war and the despotic compulsion or fear of power, but through a sincere love of unity and an abiding faith among the children of men that concord shall prevail by virtue of the supreme law of right and perfect justice.

To foster the spirit of local harmony and domestic tranquility, to build for this broader world peace, to fortify against sanguinary strife, I, William Spry, Governor of the state of Utah, do recommend that Sunday, May 15, 1910, be observed as Peace day by the citizens of Utah, and I particularly urge that special peace services be held in the various churches throughout the state.
In testimony whereof I have here-

unto set my hand and caused to be affixed the great seal of the state of "Done at Salt Lake City, the capital, this 2d day of May, A. D. 1910. WILLIAM SPRY.

By the Governor: C. S. Tingey, Secretary of State.

RAILROADS ANNOUNCE

Reduction of 25 Cents Per Ton Made to Encourage Advance Winter Purchase.

The Oregon Short Line, the Denver & Rio Grande and the Salt Lake Route have announced a reduction in freight rates of 25 cents a ton on coal for summer storage purposes. The rate will go into effect June 15, and continue in force until August 15. The rate af-fects all territory in Utah and Idaho reached by the railroads named. The reduction of 25 cents applies to lump, nut and run of mine coal. A reduction of 15 cents a ton is made on slack.

Two years ago the coal mines supply ing this market put in a reduction of 25 cents a ton, as did the local dealers.

making a general reduction of 75 cents a ton as an inducement to consumers to purchase their winter supply in the Although the railroads have followed ir usual practice in reducing the

freight rates on summer supply coal, the coal mines have not made the concession. The local coal dealers are holding off their cut on the price of coal perding an agreement.

GREEKS ARE FINED FOR DISCHARGING FIREWORKS

George John, Tons Anastron and John Mallas, who became overzealous in celebrating the opening of the Creek Easter, Saturday night, discharging fireworks in their rooms, were each fined \$5 in police court yesterday afternoon. They were found guilty of violating the fire ordinance. Scores of residents of the Greek set-tlement in West Second South street attended the trial. They argue that they should at least have as much right to discharge fireworks as the Chinese, whom the police permitted to discharge hundreds of dollars' worth of snap crackers a little over a month ago in celebration of the Celestial New Year.

SALT LAKE BULLION RECEIPTS INCREASE

The bullion receipts at the Salt Lake assay office and the shipments to the Denver mint for the month of April do not show any material change over the receipts and shipments for former months, although they are slightly higher than those for the month of March last. The receipts of bullion for April were: Gold, 4,897 ounces, valued at \$91.105.64; silver, 1,466 ounces, valued at \$660. The shipments were: Gold, 4.863 ounces, valued at \$90,500; silver, 1,454 ounces. valued at \$654.

IMPOSTOR IS SENTENCED.

William Fitzgerald Must Serve Sixty Days for Passing Bad Checks. William Fitzgerald, the young man

who lived like a millionaire in Salt Lake several weeks ago, representing himself as the son of a wealthy and indulgent father, pleaded guilty to the passage of several worthless checks in the criminal division of the city court yesterday. He also admitted having obtained money under false pretense. Judge J. M. Bowman sentenced him to

Judge J. M., Bowman sentenced him to serve 60 days in the city jail.

During his visit in Salt Lake, Fitzgerald occupied an expensive room at the Wilson hotel, and frequently invited friends to dine with him at the popular hostelry. When rent came due, he produced a check book and wrote out a check. He seemed to know that the check would be returned from the bank with a "no funds" notation, and went to Ogden just before the management of the hotel learned that he was an impostor.

an impostor.

MANY BUILDING PERMITS CENSUS COUNT IS

May Starts Off With a Rush-Sheriff to Have \$12,000 Res-

May started out with a rush in the building line, when 20 permits were issued yesterday by Building Ispector A. B. Hirth, representing an aggregate expenditure of \$60,700. Among the permits were 12 for Kimball & Richards for new five-room brick homes in Highland Park, the new addition in the southeastern part of the city, each for \$2,500, or representing an outlay of at least \$30,000. Another large one, for \$12,000, is for the sheriff's residence at the new county jail on Second East street. The permits yesterday are as follows:

as follows:

PAUPER CLERK'S REPORT.

County Assisted 957 Indigent Person During Month of April.

An increase of more than \$300 was spent by the pauper department of the county during the month just passed above that spent for sweet charity during April, 1909, as shown in the report of James Sabine, jr., pauper clerk, which was submitted to the county commissioners yesterday. The report shows \$2,799.40 spent for the month just passed, as against \$2,495.65 for April of last year.

This April, \$512.30 was spent for railroad fares and \$2,287.10 for grocer-

railroad fares and \$2,287.10 for groceries, coal and clothing. There were 283 families assisted during the month, with a total of 957 persons. The chief cause of the increase this year over a year ago is explained by Mr. Sabine because of the prevalence of scarlet fever this year and the many persons who appealed to the county for aid to return to their homes—persons who were stranded here and had no who were stranded here and had no place to turn for help but to the county. Many were returned to their families or relatives.

If Your Blood Cannot Constantly Make Good the Loss You Will Have Nervous

Breakdown.

Every person is endowed with a certain amount of nervous energy which is being constantly drawn upon by the work, worry and responsibilities of our daily life. It is also largely drawn upon dur-ing the after-effects of fevers.

Unless these drains upon the nerves are replaced by nourishment from the blood, the nerves become overworked and exhausted and some form of nervous trouble results.

The value of the tonic treatment with Dr. Williams' Pink Pills lies in the fact that these pills do not stimulate the al-ready exhausted nerves to keep up their work for a time longer but that they keep the blood pure and red and in that way fully replace the nervous energy that has been used up. Mr. C. C. Wilson, of R. F. D. No. 6.

Decatur, Texas, says:
"From my eighteenth year I suffered from nervousness. It was brought on by exposure and overwork and lasted for twenty years. I was often confined to bed for weeks at a time and there seemed to be a depression of all of my energies. For years I couldn't sleep at night because of smothering spells and I couldn't get my breath until I sat up. suffered from pains in the back. I generally weighed about 140 pounds but was

reduced to 110 pounds. "I was living in Missouri when taken sick and was treated by several doctors there. They finally told my father that he would have to move to Texas as could not live through another winter in Missouri. The change of climate did not help me much. I was treated by several specialists but none gave me much relief They all pronounced my sickness as ner-After trying numerous medicines my father wanted me to use The pills Dr. Williams' Pink Pills. seemed to hit my case and I began to feel better right away. I took several boxes of the pills and was cured."

As the health of the nerves depends up-

on the blood, Dr. Williams' Pink Pills are equally effective in neuralgia, St. Vitus dance, sciatica and nervous headache. Dr. Williems' Pink Pills are sold by all In Ogden Fitzgerald was about to renew his high living when the Ogden police came to the realization that he answered the description of the man wanted in Salt Lake for the passage of had checks.

REDSKINS CHARY ABOUT GIV-ING NAMES TO ENUMERATORS.

A great majority of the fifty-one census enumerators in Salt Lake have completed their schedules, but in some instances it has been deemed wise not to close the books, as there may prob-

There are some people in the city who do not want to be enumerated, and the local census office is finding it a difficult matter to deal with such people. For the most part, however, the enumerators have been well treated, and their work, on the whole, has been satisfactory to Mr. McMillin. Some trouble has been reported from the Uintah Indian reservation, where several of the braves objected to furnishing the required data and prevailed upon their

tions of the enumerators.

Reports from many in this city who had been overlooked are still being received at the local census office. Their names are being added to the lists as rapidly as the work can be attended to.

As there are but five days left in which to complete the census of Sait Lake, it would seem to behoove every resident of the city to get on the roll that the city may have a full and honest count. The movement taken up by the Commercial club to assist the enumerators in their work has proved a the Commercial club to assist the enumerators in their work has proved a great assistance. During the next five days Secretary Caine urges that all who have not given their names to the census enumerators notify the club either by telephone or in person, and their names and other data required by the census bureau will be attended to. The telephone number of the Commercial club is 236 on either line.

Census enumerators report that in many instances they have had trouble

We do all of your house cleaning

-everything there is to be done connected with cleaning house, from scrubbing and waxing-the-floors-to-cleaning-windows, curtains, woodwork and wall paper.

We specialize, however, on carpet cleaning and wall paper cleaning.

DON'T BEAT CARPETS

To beat a carpet until it is CLEAN is both impossible and most decidedly destructive to the carpet. It's like that famous old wart remedy that, after three bottles, entirely removed the finger, but left the wart intact.

Our system of Compressed-Air cleaning not only takes ALL the dirt from the carpet, but does NOT rack and break up the texture like beating does.

We take the carpets and rugs from your floors one day, returning them the next, thoroughly cleaned and disinfected. Or, if you prefer, we clean them on the floor.

You get the job attended to RIGHT, besides being saved the work and worry—all for a very reasonable price.

WE SAVE WALL PAPER

Our process of cleaning wall paper is thorough and modern. When our men finish the job your wall paper looks like new-no streaks.

OUR MEN ARE EXPERT AND HONEST

You will notice our phone numbers below. We will be pleased to tell you more about our methods and the reasonable charge we make for our work. NOW is a good time to phone.
